

Are you a mom?

~~Were you born in Taiwan?~~

~~OR~~ Were you born in the U.S. and have parents who were born in Taiwan?

Do you have a child between the ages of 3-14 years?

Taiwan

THE HEART OF ASIA

We are interested in how parenting is the same or different between moms who were born in Taiwan and moved to the U.S and Taiwanese-American moms that were born in the U.S.

This study includes two short 5-minute questionnaires and a 1.5 hour group discussion with other mothers from Taiwan.

To be a part of this study, you must be 1) ~~a mom born in Taiwan~~ OR 2) a U.S. born mom who has parents who were born in Taiwan.

You must also have a child who is between the ages of 3-14 years old.

We will be providing refreshments and you will also have a 1/7 chance of winning a gift card worth NT\$ 914/\$30.

If interested, please contact Joyce Lin at (949) 639-9252 or CultureParenting2015@gmail.com to sign up for this study or to get more information.
